

HUMANITARIAN RESPONSE PLAN 2023

PUBLISHED MARCH 2023

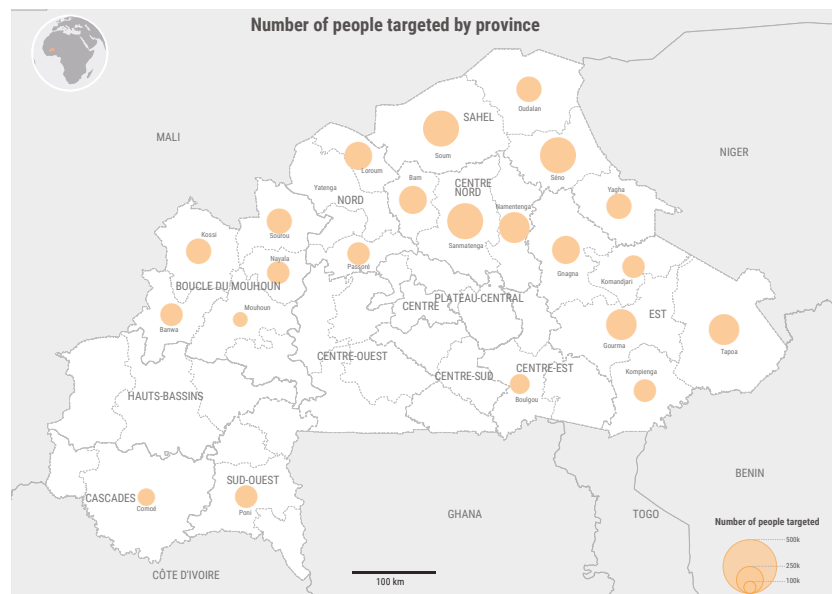

BURKINA FASO

Burkina Faso continues to face the worst humanitarian crisis in its history. One in five Burkinabè, or 4.7 million people, are in need of humanitarian assistance, and approximately one in 10, or 1.9 million people, are internally displaced as of 31 December 2022. In comparison to 2022, the scale and severity of humanitarian needs have increased.

The 2023 Humanitarian Response Plan (HRP) for Burkina Faso is characterized by a very strict prioritization, targeting 3.1 million people in acute and urgent needs. In accordance with humanitarian principles, humanitarian partners are providing assistance to the most vulnerable civilian populations, based on their needs wherever they are. US\$ 877 million in funding is requested under the 2023 HRP.

In 2023, the Government has developed a national humanitarian response plan for the first time. The 2023 HRP is complementary to this national plan, and ongoing coordination between the authorities and the humanitarian community will ensure effective and efficient delivery of humanitarian assistance to the most vulnerable people.
