

IOM's mobile health teams provide life-saving health services and information on COVID-19

IOM VISION

IOM Afghanistan assists people in need across the country with timely and effective life-saving humanitarian support, and with stabilization, including people affected by conflict and natural disaster, vulnerable returnees and migrants, and impacted host communities. IOM works to stabilize communities and build the resilience of people to mitigate risks, to recover from crises, and to reintegrate people returning home in a sustainable and holistic manner. IOM works across the humanitarian-development nexus, promoting inclusion, equality, human rights and access to services for women, men, boys and girls, in line with humanitarian principles.
