IOM VISION

Afghanistan is facing chronic poverty and economic instability and dangerously approaching systemic collapse. With over 2.6 million Afghans driven into displacement since mid-August 2021, Afghans, and in particular women and girls, face increasing needs, risks and vulnerabilities in Afghanistan as well as in neighbouring countries. IOM seeks to addressing the humanitarian and protection needs of affected populations in the region, whilst strengthening the resilience of Afghans and host communities to reduce displacement risks and help people and communities to transition and recover.
