IOM VISION

Afghanistan continues to be the site of one of the world's worst humanitarian crises, marked by chronic poverty, a deepening economic crisis, the exclusion of women and girls from public life, and increasing climate-induced disasters. The resulting widespread displacement of Afghans within Afghanistan and across neighbouring countries calls for a comprehensive regional response that will contribute to addressing the risks, needs, and vulnerabilities of Afghans as well as host communities. IOM seeks to address the humanitarian and protection needs of affected and/or displaced populations in the region, while strengthening the longer-term recovery and resilience of Afghans and host communities.
