IOM VISION

UPDATED: MARCH 22, 2023

For the Rohingya in Bangladesh, 2023 marks the sixth year since their mass displacement from Myanmar. In 2023, IOM will continue its comprehensive humanitarian support for lifesaving assistance based on community feedback. IOM's overarching priorities include the dignity, safety, and protection of the Rohingya and the provision of quality services across a comprehensive set of sectors. IOM is also committed to continuing to support the most vulnerable host community members and mitigating the impact of the refugee influx on the environment through integrated and environmentally responsible programmes.
