IOM VISION

Aligned with IOM's Strategic Plan 2024-2028, IOM will continue to support the Government and vulnerable populations and foster resilience. In 2025, this will include the provision of lifesaving support to the Rohingya, with priorities including ensuring dignity, safety, and protection, while delivering quality services based on community feedback. Additionally, IOM will support vulnerable host community members and address the environmental impact of the refugee influx. IOM will further support efforts to cope with the effects of climate change and natural hazards across Bangladesh, recognized as drivers of displacement and migration. With a significant Bangladeshi diaspora, IOM will continue to offer a range of assistance in the event of crisis.
