

MHPSS activities in a displacement site

## IOM VISION

UPDATED: 25 JAN 2021

Through an evidence-based and conflict-sensitive approach, IOM Burkina Faso provides assistance to meet the multi-sectoral needs of internally displaced persons (IDPs), host communities and other crisis-affected communities, notably through the Government’s Expanded Emergency Plan for the Sahel (2019-2021), as well as through established international humanitarian coordination mechanisms. Following the recommendations of the Central Sahel Pledging Conference (October 2020), IOM’s response focuses on operationalizing the humanitarian-development-peace nexus, through strengthening social cohesion and local governance, and contributing to an enhanced humanitarian response.
