## IOM VISION

Through an evidence-based and conflict-sensitive approach, IOM Burkina Faso provides assistance to meet the multi-sectoral needs of internally displaced persons (IDPs), host communities and other crisis-affected communities, notably through the Government’s Expanded Emergency Plan for the Sahel (2019-2021), as well as through established international humanitarian coordination mechanisms. IOM’s response focuses on operationalizing the humanitarian-development-peace nexus (HDPN), through strengthening social cohesion and local governance, and also contributing to an enhanced crisis response.
