## IOM VISION

IOM Cameroon’s integrated approach to crisis response addresses humanitarian needs while promoting long-term development and peace. IOM provides vital data on displacement trends and humanitarian needs to inform stakeholders’ decision-making. By engaging with communities, IOM delivers targeted assistance and protection to those most affected by crises, and strengthens community resilience. This includes addressing root causes, developing durable solutions to displacement and supporting conflict management. IOM applies a strong protection-centred approach that emphasizes inclusive, gender-sensitive programming.
