IOM VISION

IOM aims to support and protect the most vulnerable individuals across Lebanon, including internally displaced persons (IDPs), migrants, refugees, and local community members, against mounting humanitarian needs and socioeconomic hardship stemming from conflict and multidimensional crises. To address the complex mobility dynamics within this crisis, IOM will focus on providing life-saving humanitarian and protection assistance, building community resilience against rising tensions, and working to promote regular, dignified and safe migration, through proactive measures across the humanitarian-development-peace nexus.
