

Ethiopian migrants boarding a flight to return home from Somalia under the Assisted Voluntary Return Programme @ IOM 2021

IOM VISION

The Migrant Response Plan (MRP) for the Horn of Africa and Yemen includes urgent life-saving humanitarian and protection interventions to improve safe and dignified access to basic services for migrants and transit, host, and return communities while ensuring medium- to long-term actions aimed at addressing the drivers of migration. Within the broader inter-agency framework developed by IOM in coordination with 40 regional and country-level non-governmental and intergovernmental partners, IOM will support governments and other partners by strengthening their capacities for better migration management and providing sustainable socioeconomic infrastructure to support communities of origin, transit, and destination.
