

IOM Niger supporting women-led agricultural opportunities in Ouallam, Niger. Safa Msehli, 2022.

IOM VISION

IOM Niger seeks to provide lifesaving assistance to crisis-affected populations and to vulnerable Nigerien migrants within Niger or abroad, as well as to foreign migrants, the majority from West Africa, stranded in Niger, who have expressed their willingness to return to their countries of origin. This is complemented by the promotion of social cohesion and peaceful coexistence between host communities, internally displaced persons (IDPs) and migrants. Through community stabilization and peacebuilding interventions, IOM aims to reduce factors of instability that could lead to irregular and forced migration. IOM Niger also envisions scaling up its assistance in crisis-prone areas to strengthen resilience to shocks.
