IOM VISION

IOM aims to contribute to durable and inclusive well-being, social cohesion, and peacebuilding in the northern regions of Côte d'Ivoire, working to reduce vulnerabilities while strengthening resilience and prosperity in areas impacted by human mobility. Assistance to displaced populations aims not only to respond to immediate needs, but also to provide sustainable access to basic services, employment, and livelihoods. IOM also contributes to finding solutions to forced displacement and facilitating safe and regular migration through protection assistance, conflict management and prevention, peace consolidation, and support for national and inter-agency development processes.
