## IOM VISION

IOM will support the dignity, safety and protection of people impacted by the crisis in the Occupied Palestinian Territory (OPT), particularly in the Gaza strip. Targeting internally displaced persons, and host and affected communities, IOM will support access to humanitarian aid in close coordination with all stakeholders and by forming strong partnerships. IOM's strategic objectives in OPT are to provide lifesaving humanitarian aid through water, sanitation and hygiene; shelter and non-food items and site management support; to strengthen emergency response through supplying technical expertise for partners in Gaza; and to provide logistical and supply chain support to facilitate deliveries of aid into Gaza.
