IOM VISION

UPDATED: APRIL 25, 2022

IOM Somalia aims to save lives, alleviate suffering and maintain human dignity through the delivery of frontline services to crisis-affected populations, while steadily developing models and partnerships for longer-term recovery and migration governance. IOM is strategically well-placed to operationalise the humanitarian-development-peace nexus through its vast portfolio. IOM aims to catalyse programming from multiple units to provide more holistic support to communities in a way that reinforces government legitimacy and enables the government to deliver services.
