IOM VISION

IOM Somalia’s primary goal is to save lives, alleviate suffering and maintain human dignity through the delivery of frontline services to crisis-affected populations, while steadily developing models and partnerships for longer-term recovery and resilience. As a pilot country for SG’s Action Agenda, IOM is building on its lessons in Somalia to effectively contribute to the design of an overarching roadmap to resolve, prevent and address internal displacement crises around the world. IOM aims at providing more holistic support to communities in a way that reinforces government legitimacy and enables the government to deliver services.
