IOM VISION

UPDATED: 06 DEC 2021

The South Pacific Islands Crisis Response Plan 2020 - 2022 indicates the total funding requirements for IOM’s programming across the humanitarian, development and peace spectrum for the Republic of Fiji, the Solomon Islands, the Kingdom of Tonga, and Vanuatu. In partnership with the governments of Fiji, Solomon Islands, Tonga, and Vanuatu, IOM will comprehensively address vulnerabilities and drivers of displacement before, during and after crises by:

- Supporting national and local authorities to effectively prevent, respond to and manage displacement situations;
- Enhancing resilience in at-risk communities to prepare for climate change and disaster-related human mobility;
- Providing comprehensive, targeted and life-saving humanitarian assistance to affected populations in times of disaster and ensure the continuation of essential services;
- Supporting progress towards the achievement of durable solutions for communities displaced by disasters and the long-term impacts of climate change

This approach recognizes that meeting immediate needs during crises and addressing the systemic causes of vulnerability contributes to reducing the impact of recurrent stresses and is essential for sustainable development. The strategic goals outlined in the plan will be achieved by implementing programmes in-line with IOM’s global principles and objectives.

\$13,137,000

Funding Required 2022

■ F. Confirmed: 2.57 M
■ F. Gap: 10.57 M
