

Youth that have been vital in building dikes in Bor, South Sudan following heavy flooding return home after a long day repairing and building dikes © IOM 2020 / Peter Caton

IOM VISION

UPDATED: JANUARY 28, 2021

IOM, in partnership with key stakeholders and communities, will continue to support vulnerable people across South Sudan with essential life-saving assistance, whilst creating conducive environments for sustainable returns and recovery. IOM will adopt a community-driven approach to all programming, to facilitate transformative changes that address vulnerability and risks. Tackling these challenges means not only making a positive and lasting impact on the lives of South Sudanese affected by crises, but also supporting the Government in fulfilling the promises of the Revitalized Peace Agreement, creating a base of support for its continued efforts to address potential drivers for future crises.
