

Beneficiaries receiving hygiene kits and jerrycans during distribution mission for flood response in Wad Ramli, Khartoum State. @ Islamic Relief Worldwide (IRW) Sudan, 2020

IOM VISION

IOM Sudan plans to adopt an integrated approach to Sudan’s migration and crisis response challenges and support the people of Sudan in managing mobility dimensions of crises. This includes providing integrated life-saving multisector humanitarian assistance to the most vulnerable people and providing basic services to tackle critical gaps in underserved communities with the most unmet needs to support resilience. An integrated approach in line with the humanitarian-development-peace nexus is required to ensure that current and pre-existing drivers of forced displacement and fragility are addressed, and community stabilization and durable solutions are achieved.
