## IOM VISION

IOM Sudan plans to adopt an integrated approach to Sudan’s migration and crisis response challenges and support the people and Government of Sudan in managing the mobility dimensions of crises. IOM Sudan works across the humanitarian-development-peace nexus to provide integrated, lifesaving, and multisector humanitarian assistance to the most vulnerable people in emergencies, including disaster risk reduction, emergency preparedness, early action approaches; provision of basic services to tackle critical gaps in underserved communities and evidence-based interventions to address pre-existing and current drivers of forced displacement and fragility to achieve community stabilisation and durable solutions. IOM Sudan’s Crisis Response Plan aligns with the United Nations Common Approach to guide planning and prioritization in 2023.
