IOM VISION

UPDATED: 15 DEC 2021

The Strategic Approach of IOM Ukraine for 2020-2023 focuses on three priorities for ensuring an efficient crisis response, recovery, and long-term development while contributing to efforts to leave no one behind and to reach those furthest behind first. These priorities include: i) sustainable recovery of conflict-affected communities through multi-sectoral integrated programming; ii) strengthening communities' resilience through inclusive dialogue initiatives; and iii) further advancing Ukrainian society through long-term and people-centred sustainable development initiatives. The Crisis Response Plan reflects these priorities throughout the proposed activities, which aim to respond to the needs of conflict-affected communities as well as to the drivers and impacts of crises and displacement in recovery, taking into consideration the context of the COVID-19 pandemic.

UPDATE: The IOM Ukraine Crisis Response Plan is currently under revision. Please see the [IOM Flash Appeal for Ukraine and Neighbouring Countries - Revised](#) for the most up-to-date appeal.
